Good morning Mike,

Aaron was fantastic! He walked me through the site and the contract to make sure we were on the same page, he was very friendly, approachable, and respectful. I could tell he wanted to make sure I was happy and took pride in his work. He was very diligent covering other surfaces and areas to prevent over-spray which was much appreciated. He's an employee that you should be proud of to represent you. We are very, very excited we had our roof spray foamed! You all have made this investment easy and that's just what we needed in our DIY home build.
